Career objective

To work with commitment in a rapidly growing organization and use my specialized knowledge and skills in Computer Networks

Academic Qualifications:

U.G: Subbulakshmi Lakshmipathy College of Science (2017-2020)

B.SC Networking, C.G.P.A= 74%

H.S.C: Velammal memorial hr.sec school (2017) = 61.6%

: Velammal memorial mat.hr sec school (2015) = 78.2%

Internships Done:

Role: Network support Trainee

Duration: 60 Days

Company name: Best micro network solutions pvt ltd

Through this Internship, I have learned about **Network infrastructure planning and implementation, Network Device Installation, Remote Desktop Support, O.S Installation and Configuration, Software Installation and Configuration.**

Role: Full Stack Web-Developer Trainee

Duration: 80 Days

Company name: Elshadai Computer Education and Technologies

Through this Internship, I have learned about **Python programming Basics to core Level, Tkinter UI framework, Mysql Database Connectivity, Django Web Framework, Static and Templates File handling, Django ORM.**

Technical Skills:

- Network infrastructure planning and Development
- Workstation installation and Configuration(Windows and linux)
- Network Devices installation and configuration (Cisco)
- Server Implementation and configuration (windows server 2008r2,2016)
- Network Security
- Python Programming
- Web Development (HTML5,CSS3,JavaScript,Bootstrap5)
- PHP 8.0.11 with MYSQL DB Connectivity
- Django 3.2.5 Web Framework

Project Done:

Project: 1

Topic: ADSL Wi-Fi router

ADSL stands for **Asymmetric Digital Subscriber Line**. This type of service means that the speed of data sent is known as upstream, and the data received is known as downstream. They have different speeds that change from time to time. ADSL uses a special ADSL modem and a micro-filter in the subscriber's telephone line... ADSL supports a downstream rate of 1.5 to 9 Mbps and an upstream rate of 16 to 640 Kbps.

Project: 2

Topic: E-commerce site for product Based Company

This Project is about complete E-shopping and services booking through a site which has multiple forms for registering the Customer Details, Customer Sign-up Login all the data can be configured through Django ORM models includes Complete Django admin Manipulations. For Front-end I have used HTML5, CSS, bootstrap and JavaScript.

Certificates Done (Technical):

- Advantage pro certified Linux professional
- Advantage pro certified CCNA Professional
- British council English score of B1 grade
- Oracle certified Associate 12c Completed at Elysium Academy
- Microsoft technology Associate on Python programming
- Microsoft technology Associate on Security Fundamentals.
- E-max Computer Education Certification on Full stack Web-Development (Django).

Workshop Attended:

- Workshop on router configuration
- Ethical hacking workshop at IIT madras
- Machine learning algorithms with mat lab at K.L.N college of engineering
- Ethical hacking workshop at systech academy, Trichy

Certificates and participation awards received (Non-technical)

- ✓ Zonal-level badminton tournament runner-up (singles) under 19 - 2
- ✓ Zonal-level badminton tournament runner-up (Doubles) under 19 -1
- ✓ Madurai University Tournament Badminton Doubles 3rd place.
- ✓ District level open ranking Chess tournament top 20 out of 70 ranks
- ✓ Inter badminton Academy Doubles winner-up conducted by Shuttlebeez
